# Slide Title

**I am a dummy copy. And I've been a dummy copy since my birth.**

It took me a long time to realize what it means to be a dummy copy: you make no sense. You stand out now and then by being completely out of context.

- But does that make me a bad copy?
- I know that I'll never stand a chance of appearing in the Economist
- But does that make me any less important? I'm a dummy! But I enjoy being a copy.

It took me a long time to realize what it means to typeset a list with leading text.

1. But does that make me a bad copy?
2. I know that I'll never stand a chance of appearing in the Economist
3. But does that make me any less important? I'm a dummy! But I enjoy being a copy.
